Large Trees

You don't have to be New York's Rockefeller Center to show festive cheer with a large outdoor Christmas tree. Flora-tec is pleased to be able to offer statement trees, live or replica, for businesses and public spaces.

Tree selection, careful planning and safety are at the heart of our operations. Our competent staff will ensure that even the most complex installations run smoothly to create the magical effect you require.

No-fuss Service

Do you dread having to organise the Christmas decorations for your office every year? Flora-tec makes Christmas hassle-free with our bespoke tree and festive decoration service, tailored specifically to organisations like yours.

Simply decide if you would like a live or replica tree, choose your colour scheme, tree size and any other decorations – like a festive desk decoration or garland – and we'll install at a time to suit you, maintain during the festive period, and remove it when it's all over! We can even design a colour scheme for you if you're stuck for ideas.

Festively Green

Flora-tec is a green company through and through, from our products and services right through to the way we do business. We're committed to reducing our impact upon the environment:

All our live Christmas trees come from sustainable sources - for every tree sold, at least one replacement is planted – and we recycle all trees and green waste after collection. We also provide an excellent selection of top-quality replica trees.

We are ISO14001 accredited, which is an international standard that recognises our commitment to environmentally friendly processes and practices.

Our vehicle fleet is now 50% LPG or dual fuel, and this number continues to rise as replacements are made. We are constantly working on reducing vehicle usage and make the most economical use of the fleet, especially when planning our tree deliveries.

We have made every effort to ensure that we have considered all the possibilities this Christmas, from using energy saving, low voltage LED lights on trees to using ethically sourced products. For all your Christmas requirements – Flora-tec takes care of it.
